2 The statements of Expenditure under Contingencies and Repairs include also the following items.

(1) Purchase of books.

(2) Purchase of chemicals for Laboratory.

(3) Repair of Furniture.

(4) Minor improvements to School building.

Expenditure on these items is treated as contingent expenditure and allowed in the case of other schools also, provided the amount is too small to ask for a special grant. 15/2

3 These are items which according to the decision reached in July 38, should be excluded for purposes of calculating net teaching grant. It is presumed, however, that the above decision is intended to apply only to grants payable in respect of expenditure from 1938-39 onwards and not to grant payable in respect of 37-38. If so, the grant recommended may be sanctioned.

A building was constructed by the Correspondent of the Srimathi Kamalabai Girls' School at a cost of Rs. 30,000 to house the primary classes. He applied for a grant of Rs. 10,000 from Govt. to meet a part of the cost. The Inspector recommended only a grant of Rs. 6,000 to be paid in three instalments. A grant of Rs. 2,000 was sanctioned to be paid in 1937-38 and another Rs. 2,000 in 1938-39. It was also decided that the question of payment of the remaining Rs. 2,000 will be considered in 1939-40.

The Inspector recommends that this Rs. 2000 may be paid during the current year and says that he can meet the expenditure from his budget. Apparently he has reserved the money. The grant may perhaps be sanctioned. It may however be mentioned that the last Inspection Report of the School was very unsatisfactory and the Collector is enquiring into the matter.

The Inspection Report of this School for the year 1938-39 was very unsatisfactory. As regards piano the Inspector remarked as follows:-

> The sum of Rs. 100 is paid annually for the hire of a piano. It would be cheaper in the long run to buy a piano ".

A half grant of Rs. 250 recommended by the Inspector may be sanctioned for the purchase of a second hand piano. It is assumed that the Inspector will satisfy himself that it is in good condition.

In the case of other aided institutions special fees collected for library, laboratory and games are allowed to be utilized on those objects and the expenditure thereon is excluded in determining the net cost, special grants being sanctionable therefor. Since it has been decided to treat this school on a par with other schools in regard to grants for furniture and equipment, it would seem illogical to say that the school should not use the special fees for the purposes for which they are collected and that the special fees should go to reduce the net cost payable by Government. The latter should, however, exclude expenditure on these items for which half grants only are sanctionable now. The Inspector may see at the time of recommending teaching gran on the basis of audited financial statement that items for which half grants are sanctionable are not included under 'Contingencies'.

10

I discussed the matter with the Inspector and he was agreable to this course. He, however, wanted specific instructions to be issued as above and this may be done.

The Secretary to the Hon'ble the Resident in Mysore,
B A N G A L O R E.

Sir,

S.N. 2/Corp. 83
R. dis. 193-38
(J)

I have the honour to invite a reference to the Proceedings of the Hon'ble the Resident No.R.Dis. F.193-38/R.O.II, dated 26-2-1938, sanctioning the payment of a grant of Rs.7632/- to the Srimathi Kamalabai Girls High School for the year 1937-38.

Kept below

2. I enclose the financial and other statements furnished by the Correspondent of the School for the year 1937-38. It will be seen that the grant payable to the School during 1937-38 was Rs.7,513-7-11, as shown in the statement A representing the actual admissible expenditure. The amount actually paid was, however, Rs.7,632/-, i.e. an excess payment of Rs.118-8-1. This excess will be deducted from the grant now to be paid for the current year.

3. I enclose another statement 'B' showing the actual income and expenditure for a period of eight months - from 1-4-1938 to 30-11-1938 - and the anticipated income and expenditure for the remaining four months, i.e. from 1-12-1938 to 31-3-1939. The net expenditure for the whole year is estimated to be Rs. 7,651-13-2. Thus the net grant payable to the School for the current year amounts to Rs. 7,533-5-1, as shown below:

(2)

Cost of maintaining the school as estimated by the Correspondent for the year 1938-39 ...	7,651	13	2
Deduct excess grant paid in 1937-38 now to be adjusted	118	8	1
Net amount payable	7,533	5	1 ✓

I recommend that a grant of Rs.7,533-5-1 be sanctioned as Teaching grant to the School for the year 1938-39.

4. The expenditure will be debited to the allotment under Account II - Education - B. Secondary - Direct grants to non-Government Secondary Schools - Secondary schools - Grants-in-Aid to Secondary Schools" in the current year's Mysore Assigned Tract budget.

pages 9 & 19 of the code

5. The advance of Rs.3,913/- already paid by me under Rules 39 amd 64 (6) of the Grant-in-Aid Code for Indian Schools will be deducted from the grant now recommended to be paid.

I have the honour to be,

Sir,

Your most obedient servant,

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in the 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or student should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

The Secretary to the Hon'ble
the Resident in Mysore,

Sir,

I have the honour to forward herewith an application from the Correspondent, Srimathi Kamalabai Girls' High School, for a grant towards the purchase of a second-hand piano for the school. The school at present hires a piano at Rs.10 a month, and it has been suggested, on more than one occasion, that it should have its own piano.

The Correspondent proposes to buy a good second-hand piano for Rs.500, and he is prepared to meet half the cost of it if Government meets the other half.

I recommend, therefore, that under Rule 50 of the Grant-in-Aid Code for Indian Schools, a grant of Rs.250 or one half of the actual cost, whichever is less, may kindly be sanctioned.

The expenditure will be met from the allotment under Account II. Education- B. Secondary - Grant-in-Aid to Non-Government Secondary Schools - Building and Furniture Grants to Secondary Schools" in the current year's Mysore Assigned Tract budget.

Sir,

Paras 25 & 30, 32 & 42 of notes in F.R.P. 193/38 (J)

With reference to the decision recently reached, that in fixing the 'net cost' of the Srimathi Kamala Bai Girls' High School only the normal recurring expenditure on staff and contingencies shall be taken into account, and that only half the cost of books and appliances, i.e. non-recurring expenditure, will in future be met, I have the honour to state that the Honorary Secretary has applied for a grant-in-aid towards the purchase of books and science equipment, as detailed below:

1. Books ... Rs.100/-
2. Chemicals . 31-3-6.

A half grant is applied for in respect of each item, but the management's contribution is not to be met from the management's funds, but entirely from special fees levied from the pupils.

This in effect amounts to an additional amount paid towards the upkeep of the institution without any financial obligation on the part of the management. Unless the institution comes into line with other grant-in-aid institutions in meeting its share of non-recurring expenditure, it cannot, I take it, claim the benefit of special grants. The fees in question should go towards meeting part of the school's contingent charges (under which laboratory charges have been included) and reducing the net cost of the school and not be used as a means of extracting still

135

still more money from Government, utilizing in the process amounts to which the management have no legal right. A grant-in-aid in these peculiar circumstances would seem to be a mere travesty of what the Code intends.

I request the favour of your instructions in the matter. I enclose a copy of letter dated 14-8-1939 from the Honorary Secretary.

I have the honour to be,

Dated 6-9-1939.

From

M.S.H.Thompson, Esq., B.A., I.E.S.
Inspector of Schools,
C. & M. Station, Bangalore.

To

The Secretary to the Hon'ble the Resident
in Mysore, Bangalore.

Sir,

SN.10 (Rule I)

In continuation of my letter No.2375/B.3/39, dated 22nd August 1939, asking for instructions regarding the proposal of the Honorary Secretary of the Srimathi Kamalabai Girls' High School, Bangalore, to utilize the special fees collected for the upkeep of the Science Laboratory and the pupils' libraries for the purpose of claiming a special grant, I have the honour to forward a copy of letter No.826, dated 29th August 1939, from the Honorary Secretary, in which he states that "the Trust Board has decided to meet the other half" of a grant of Rs.15-15-0 sanctioned for certain maps and pictures from the Contingencies of the school.

Hitherto it has been the Inspector of Schools who has decided what shall and what shall not be included under Contingencies", and recently it was agreed that the contingent charges of the school should not exceed Rs.750 (as stated in the last report on the school). But these considerations apart, to permit the charging of "the other half" to contingencies amounts to sanctioning a full grant on the articles in question in violation of your instructions that, in future, only half-grants

should be sanctioned for eqipment required for the school.

I have the honour to be

Sir,

Your most obedient servant,

M. A. Thompson

Subject:- Grant-in-aid to Srimathi Kamala Bai Girls' High School towards purchase of books and science equipment.

Reference your letters No.2375/B. 3/39 dated 22nd August 1939, and2494/B. 3/39, dated the 6th September 1939.

In the case of other aided - institutions special fees collected for library, laboratory and games are allowed to be utilised on those objects and the expenditure thereon is excluded in determining the net cost, special grants being sanctionable therefor. Since it has been decided to treat the Kamala Bai Girls' High School on a par with other schools in regard to grants for furniture and equipment, it would seem illogical to say that the school should not use the special fees for the purposes for which they are collected and that the special fees - should go to reduce the net cost payable by Government. ~~The latter~~ -
